Occupational Certificate:

# **ORGANISATIONAL RISK PRACTITIONER**

NQF Level 6

## WHO SHOULD STUDY THIS COURSE?

The purpose of this qualification is to prepare a learner to be able to manage risk management plans in support of an organisation's risk framework, which is generally the responsibility of Risk Officers. However, the Risk Practitioners assist the Risk Officers by undertaking or facilitating activities related to the implementation of the plans for managing risk in an organisation.

A qualified learner will be able to:

- Implement the framework (usually developed by Risk Officers) for managing risk in the business unit.
- Create and sustain risk management partnerships.
- Establish the internal and external risk context.
- Assess risk in order to produce and update a risk profile for a business unit.
- Prepare and facilitate risk treatment plans for a business unit.
- Monitor, review and improve risk management activities and processes.

Rationale:

This Occupational Certificate: Organisational Risk Practitioner is an entry level qualification to provide sufficient knowledge and understanding in order to contribute towards supporting the functions carried out by the Risk Officers. Risk Officers are responsible to manage the complete risk management process within an organisation.

This qualification is made up of the following compulsory Knowledge and Practical Skill Modules

## Exit Level Outcomes

- Implement the framework for managing risk in the business.
- Create and sustain risk management partnerships.
- Establish the internal and external risk context.
- Assess risk in order to produce and update a risk profile for a business unit.
- Prepare and facilitate risk treatment for a business unit.
- Monitor, review and improve risk management activities and processes.

## ASSOCIATED ASSESSMENT CRITERIA

### Exit Level Outcome 1:

- Risk management frameworks of various business scenarios are interpreted and such interpretations to different business contexts is applied.
- Within various business scenarios: what is in place, what needs to be done and which process to support the implementation process will be identified.

### Exit Level Outcome 2:

- An understanding of the criteria for identifying risk management partnerships in various business scenarios is shown.
- An understanding of the dynamics, challenges and need for support faced by business managers in fulfilling their risk management roles and responsibilities is shown.
- An understanding about the art of creating rapport and trust in sustaining stakeholders buy-in are shown.

### Exit Level Outcome 3:

- An understanding of how the internal and external risk contexts influence organisational risk is demonstrated.
- An understanding of how the internal and external

risk contexts influence and impact the business and its risk profile is shown.

containing knowledge and skills-related scenarios for the learners to apply their learnt knowledge and skills.

#### **Exit Level Outcome 4:**

- The what-if- and why scenarios are analysed.
- How to extract and contextualise risk- and control-information is understood.
- A risk register is compiled and updated.

#### **Qualifying for external assessment:**

In order to qualify for an external assessment, learners must provide proof of completion of all required modules by means of statements of results and work experience.

#### **Exit Level Outcome 5:**

- The what-if and why scenarios are understood in order for treatment options to be determined.
- Responsive plans are formulated and shown.

#### **Exit Level Outcome 6:**

- The what-if and why scenarios are understood in order for in-cycle and out-of-cycle to be monitored and reviewed.
- What has to be monitored and reviewed (responsiveness) and how to monitor and review (methodology) is shown.

#### **Integrated Assessment:**

##### **Integrated Formative Assessment**

The skills development provider will use the curriculum as a guide for the internal assessments (formative) by focussing on the stipulated internal assessment criteria and its weighting of the practical skills, knowledge and work experience modules. This formative assessment will enable a learner access into the integrated external summative assessment.

##### **Integrated summative assessment.**

A relevant QCTO Assessment Quality Partner conducts the external integrated summative assessment and is also responsible for issuing of this qualification. This external integrated summative assessment will focus on the exit level outcomes and associated assessment criteria.

The external assessment will be a written assessment
