## **BUSINESS ANALYSIS**

### NQF Level 6

**A:** 54 Wierda Road, St Andrews, Ground Floor, Wierda Valley, Sandton

**Campus A:** Block M, Central Park, 400 16th Rd, Randjespark, Midrand, 1685

## PROGRAMME OVERVIEW

Business analysis plays a critical role in ensuring that information technology effectively supports business enterprises. This qualification provides learners with the necessary skills to analyse business scenarios, develop business cases, and generate user and functional specifications. Learners will also be equipped to monitor quality assurance activities during the entire project lifecycle.

### ENTRY REQUIREMENTS

- Communication skills at NQF Level 5.
- Computer Literacy at NQF Level 5.
- Knowledge of business analysis concepts and principles
- Alternatively, access may be granted through Recognition of Prior Learning (RPL), considering learner work experience.

### RECOMMENDED TARGET AUDIENCE

**This qualification is designed for:**

- Aspiring business analyst.
- Individuals currently in analyst roles.

### OUTCOMES AND OBJECTIVES

**Learners will acquire the ability to:**

1. Analyse a business scenario.
2. Develop a business case.
3. Compile user requirement specifications.
4. Develop functional specifications.
5. Monitor quality assurance activities throughout the life cycle of the project.

### CAREER OPPORTUNITIES

**Upon completion, learners can pursue roles such as:**

- Junior Business Analyst
- Systems Analyst
- Project Support Analyst
- Business Process Improvement Specialist

### ARTICULATION OPTIONS

This qualification offers both horizontal and vertical articulation possibilities:

**Vertical Articulation:**

- National Certificate: Business Advising Operations, NQF Level 6.

**Horizontal Articulation:**

- Any IT Systems Development qualification, NQF Level 7.
- Any Technical Support qualification, NQF Level 7.
